

EMD Error – Guide

We wish to share update on the commonly received error response while updating Coupon Value or Fare Calculation ladder in TSM.

ERROR: COUPON VALUE NOT COMBINABLE WITH FEE CALC

Possible cause:

User may get the above mentioned error while entering coupon value or fare calculation ladder in TSM panel, when either of the information already exists in TSM.

Solution:

A TSM must either contain a fare calculation or a coupon value. User will not be able to update Coupon Value field (TMI/CV-) when fare calculation already exists in the TSM, or vice versa.

Entries to update Coupon Value or Fare Calculation Ladder

Coupon Value Entry:

TMI/CV-1000

Fare Calculation Entry:
