FP ELEMENT COPIED INTO EMD PRICING RECORD (TSM)

In order to ease the EMD preparation for the agents, Amadeus is introducing a new functionality to enable the agent to request the copy of the Form of Payment (FP CC) element into the TSM.

Key Features:

- Credit Card details can be copied from TST to TSM
- Concealed Credit Card details can be copied without being displayed

Entry to be used:

FPx/My, where, 'x' is the line number of FP Element and 'y' is the line number of TSM

Illustration:

FP37/M1, where in 37 is the FOP line number in the PNR and M1 is the TSM number.

```

37 FP PAX CCAXXXXXXXXXXXXX1006/0817/INR14870/A165463/S6-7/P1-2
38 FP PAX CCAXXXXXXXXXXXXX1006/0817/INR14870/A165463/S6-7/P3-4

News Flash

Following data when present in PNR, will be copied in the FP element of the TSM:

- Payment card number (concealment rules apply)
- Payment card expiration date

The entry will trigger the creation of a new FP element into the selected TSM benefiting from the system checks as for any FP element creation.

Limitations:

This functionality will not be available in below scenarios:

- Mixed Form of Payments
- TSM already Contains the FP Element
- FOP with CVV Mandatory and payment is consumed

The below are the errors when the entry used in above conditions:

Error Message for Mixed FOP:

- COPY OF MIXED FOP IS NOT ALLOWED

Error Message for FOP already exists in TST:

- FARE ELEMENT ALREADY EXISTS FOR PASSENGER/SEGMENT

Error Message for FOP with CVV Mandatory and payment consumed:

- UNABLE TO COPY FPCC WITH CC SECURITY ID. ENTER SEPARATELY
