The United States Department of Transportation – Passenger Notification on Hazardous Materials

With effect 01st January 2015, The US Department of Transportation (USDOT, through the Pipeline and Hazardous Materials Safety Administration (PHMSA)/ Federal Aviation Administration (FAA)) adopted the US Regulation 49 CFR 175.25 for notification of hazardous materials restrictions.

Amadeus has adapted this change in system to spread the information on the US Regulation widely, hence travel agent is informed at the time of booking creation and cannot complete the booking unless he indicates he accepts the restriction on Hazardous Materials.

When a booking contains a flight from/to/within the US, a remark is automatically added to the PNR.

Remark Content:

**RM NOTIFY PASSENGER PRIOR TO TICKET PURCHASE & CHECK-IN:
FEDERAL LAWS FORBID THE CARRIAGE OF HAZARDOUS MATERIALS -
