

A white commercial airplane is shown from a high-angle perspective, flying over a vast expanse of soft, white and pinkish clouds. The sky is a vibrant orange and yellow, suggesting a sunset or sunrise. The sun is visible in the upper left corner, casting a bright glow across the scene. The overall mood is serene and aspirational.

8. Japan Airlines

8.1 Japan Airlines and India's finest full-service carrier Vistara entered a codeshare partnership that will open up more routes between India and Tokyo than ever before.

With the signing of this agreement, Vistara becomes the only codeshare partner for Japan Airlines in India. The sales of tickets open on 26th February 2019 on channels and major GDS systems for travel from 28th February 2019.

As part of the agreement, Japan Airlines will add its 'JL' designator code to approximately 32 Vistara-operated flights each day across India covering seven Indian cities, namely Mumbai, Kolkata, Chennai, Bengaluru, Hyderabad, Ahmedabad and Pune.

JAL and Vistara already have an interline/through check-in partnership and the two airlines had signed a Memorandum of Understanding in September 2017¹ to pursue commercial opportunities together.

The codeshare flights will offer convenient connections to and from a daily flight that JAL already operates to Delhi directly from Tokyo Narita. Japan Airlines and Vistara flights operate from the same terminal at Delhi (T3), making connections at the airport even more convenient and seamless.

Japan Airlines customers travelling on Vistara will enjoy complimentary meals and will be able to choose between three different cabins, including India's only Premium Economy class. Japan Airlines Mileage Bank members can also earn miles when booking on 'JL' coded Vistara flights.

As the highest-rated Indian airline on Skytrax and TripAdvisor, and winner of several best-in-industry awards, Vistara has consistently raised the bar for operations and service standards in the Indian aviation market in a short span of four years.

The airline today serves 22 destinations with over 800 flights a week and a fleet of 22 aircraft. Recently, Vistara finalized its aircraft order, which is a combination of purchased and leased aircraft totaling 50 from the Airbus A320neo family (including the A321neo) well as six purchased Boeing 787-9 Dreamliner aircraft.

8.2 Japan Airlines is pleased to inform the extension of its 'I' class fare for sale at INR 138,000 + taxes. The details are as follows:
