

The background of the entire page is a photograph of a white commercial airplane in flight, viewed from a high angle. The plane is flying over a vast, textured sea of white and light-colored clouds. The sky above is a bright, hazy yellow and orange, suggesting a sunrise or sunset. The overall mood is bright and aspirational.

10. Ethiopian Airlines

10.1 As you all are aware the Indian Government has implemented the Goods and Service Tax Act (GST) effective from 1st July 2017.

The GST is a dual- administered tax between the Central Government and various states/ Union Territories within India, and will consist of several GST rates including IGST, SGST, CGST and UTGST.

In the Aviation industry, a key change in the taxation of the “Travel of passenger by air” is the requirement of collecting business data for all B2B purchases. In order to support our business partners and ensure all eligible customers purchasing ticket from “Ethiopian Airlines” (ET) are able to claim GST credit, ET has established the following practice:

1. Eligible customers who will be seeking GST credit are requested to provide their GST information for all of their business locations as follows:

Name of Corporate	GSTIN ID (GSTN)	Business Address (GSTA)	Finance Department Phone Number (GSTP)	Finance Department E-Mail (GSTE)	Finance Department Contact Person Name

2. Any ticket where travel originates in India, regardless of point of sale, paid for by a business registered for GST (“B2B” transactions), the airline must send a GST invoice to the business within 30 days of the date of ticket issuance regardless of the form of payment. This invoice must include the GST Number, Name and Address of the business entity Registered for GST. These will differ from the passenger’s own name and address.
3. The IGST rates for air transport were announced after the most recent GST council meeting on 18-19 May 2017. These are:
 - 5% of base fare + YR, for air travel in economy class.
 - 12% of base fare + YR, for air travel in all cabins other than economy.
 - Rebooking penalty: Economy-5%; All cabins other than economy – 12%.
 - NOSH/Refund/Cancellation/RAF penalty and all other ancillary charges: Will be charged with full amount of GST at 18%.
4. Tax Code: JN, G1 and F2 tax codes will be withdrawn w. e. f 1st July 2017 and instead a single interim ticket code “K3” will be used. The tax is to be collected at point of sale and shown separately on the ticket by code K3.
5. Special Service Request (SSR) codes: An industry solution has been developed for capturing and transmitting this information. This involves four new industry standard Special Service Request (SSR) codes:

- GSTN: 'Goods and Services Tax Number' to collect the name and registered number of the business purchasing the goods and services.
- GSTA: 'Goods and Services Tax Business Address' to collect the address of the business purchasing the goods and services.
- GSTP: 'Goods and Services Tax Business Phone Number(s)' to collect the business telephone number(s) of the business purchasing the goods and services.
- GSTE: 'Goods and Services Tax Business Email' to collect the e-mail address of the business purchasing the goods and services.

The GDS companies have informed us that the above Special Service Request (SSR) fields shall be available by the 1st of July.

6. In addition to the above SSR entries, ET also requires the GSTN number of the corporate (B2B) to be updated in the endorsement box of the ticket.

For all B2B purchases, at the time of ticketing, the GSTN ID must be entered in the ticket Endorsement box. This GSTN number should belong to the Corporate (B2B) for whom the agency is issuing tickets and not the agents own GSTN number.

As agency staff uses the endorsement box for other free text notes, system may not be able to identify the GSTN correctly. For the purpose of correct identification of 15 alphanumeric GSTN, you are required to use the format as prefix GST followed by the Corporate GSTN (without any space)

In addition to the above, the corporate codes are still required to be entered in the tour code field as usual for all B2B ticket purchases.

For Example, if the GSTN of the Corporate is "07AAAAA0000A1Z5", then it should be entered in the endorsement box of the ticket strictly only as per format indicted under without spaces in between.

Endorsements/Restrictions
GST07AAAAA0000A1Z5

Note: In the absence of providing both of the above information's (SSR entries and ticket endorsement), the ticket purchased will not qualify as a B2B transaction and therefore will not be eligible for GST credit and ET will not be able to issue GST invoice.

7. The above procedure came into effect July 01, 2017 and is applicable on all ticket purchases, re-issuances, refunds.

8. For any queries on GST, please email your queries to below mentioned email ids.

a) Bomfin@ethiopianairlines.com / bomfin1@ethiopianairlines.com

10.2 Ethiopian Airlines Best CRS/GDS Booking Practices:

Do's:

- Ensure to provide customer's first and last names exactly identical to the customer's passport for international journey or ID card for domestic journey.
- Ensure that PNR is provided with customer contact including correct mobile number in the correct field. This will facilitate ET to reach the customer when required to communicate flight delay, reschedule, cancellation, etc.
- Ensure that ET record locator answer back is received on your GDS PNR.
- Correctly update the status codes of all segments.
- Ensure segment sequence control taking care of minimum connection time at each transit point etc.
- Cancel the segments and PNR when advised by ET.
- Ensure messages received from host for duplicate booking, duplicate segment, Ticketing time limit, ticketing rules and other instructions are strictly complied with.
- Must report genuine ticket numbers that is valid for travel and associated to the itinerary in the PNR.
- Must ensure collection of all taxes, fees and service charges imposed by local and foreign government.
- Must ensure collection of various penalties for re-issue, refund, cancellation, no show etc.
- Work your Queues, ensuring all status codes are actioned timely and accordingly.
- Make sure to instantly remove inactive segments from your PNRs at least 24 hrs prior flight departure (UN, UC, HX, NO,WK,WN).
- Make sure tickets are issued within the time limit according to the fare rule.
- Ensure ticketed classes (RBD) correspond to the booked classes.
- If your agency uses more than one CRS be sure to book and drive your ticket from the same CRS.
- Release all unwanted reservations in advance (at least 24 hrs before flight departure).
- Handle schedule change notifications instantly (update records, remove inactive segments).

- Make sure and take action or cancel unnecessary segment in your PNRs with the following status code: US,UC and DS.
- Ensure Passive Parameters are only used in the following instances and with all information matching:
 - When issuing tickets for a reservation made directly with ETHIOPIAN AIRLINES.
 - When ticketing for groups.

Don'ts:

- Avoid repeated cancelling and rebooking of the same or different flight, class, date or route to circumvent ticketing time limits or for any other reasons.
- Do not hold space with fictitious names or under speculative names like NTBA/TEST... etc.
- Do not hold space inputting fictitious ticket number.
- Do not make duplicate/multiple reservations/waitlists for the same Passenger/journey.
- Whenever booking a group space, do not request through your CRS, always contact local ETHIOPIAN AIRLINES sales offices.
- Do not create post departure bookings.
- Do not create bookings that violate minimum connecting time requirements of individual airline.
- Avoid creating segments in a cancelled PNR.
- Avoid making changes to host PNR under the control of ET.
- Do not create active/passive booking transactions for achieving GDS productivity / incentive targets.
- Do not break marriage logic of segments.
- Do not force to create waitlist segment on a closed flight.
- Do not change passenger names once PNR is created.

12. Japan Airlines

12.1 Please be informed that effective 1st April 2019, the first acceptable date of international flight booking will be changed from 330 days to 360 days prior to the scheduled departure date.

However, regarding the codeshare flight operated by other airlines in JAL market, the booking start date is set according to the release date of the operating carrier.

Target tickets:

- JAL International Revenue and Award Tickets (including domestic sectors connecting to JAL international sectors)
- Partners Airlines Award Tickets
- *Booking for Partner Airlines Award Tickets may be accepted more than 360 days prior to departure, depending on the partner airlines.

Note:

- Award tickets must be booked and issued (mileage withdrawal) at the same time.
- If itinerary is connected with domestic flights, it is also available 360 days before departure.
- There is no change of reservation open date for domestic flights only.

For any queries, please be free to mail on delss@jal.com

12.2 Japan Airlines (JAL) and India's finest full-service carrier, Vistara, today entered a codeshare partnership that will open up more routes between India and Tokyo than ever before.

With the signing of this agreement, Vistara becomes the only codeshare partner for Japan Airlines in India.

The sale of tickets opens on 26th February 2019 on all channels and major GDS systems, for travel from 28th February 2019.

As part of the agreement, Japan Airlines will add its 'JL' designator code to approximately 32 Vistara-operated flights each day across India covering seven Indian cities, namely Mumbai, Kolkata, Chennai, Bengaluru, Hyderabad, Ahmedabad and Pune.

JAL and Vistara already have an interline/through check-in partnership and the two airlines had signed a Memorandum of Understanding in September 2017¹ to pursue commercial opportunities together.

The codeshare flights will offer convenient connections to and from a daily flight that JAL already operates to Delhi directly from Tokyo Narita. Japan Airlines and Vistara flights operate from the same terminal at Delhi (T3), making connections at the airport even more convenient and seamless.

Japan Airlines customers travelling on Vistara will enjoy complimentary meals and will be able to choose between three different cabins, including India's only Premium Economy class. Japan Airlines Mileage Bank members can also earn miles when booking on 'JL' coded Vistara flights.

13. Kuwait Airways

13.1 Kuwait Airways are pleased to announce the acceptance of "HDFC Diners Card Pass Through" facility to our Travel Agents in India, effective 13th March 2019. Accordingly, IATA BSP, GDSs and HDFC, acquirer have been informed.

Kuwait Airways shall accept HDFC Diners Cards as form of payment, however, HDFC Credit Card and Amex Credit Card usage is not permitted for group sales tickets and issuance of EMD's for group deposits, issued either on GDS system or on adhoc group fares. It is permitted for FIT fares only. Any issuance of the EMD's for group deposit or ticketing of groups on these cards would attract penalty.

It may be noted that this "HDFC Diner Credit Card Pass Through" facility is offered to Corporate Cards used by both Corporates and Travel Agents. HDFC Diners Card is the preferred bank for issuance of tickets in BSP India under Credit Card pass through facility.

Please note charge backs arising out of the Credit Card Transactions will be the sole responsibility of the respective Travel Agent using the card.

17. Philippine Airlines

17.1 Philippine Airlines invests in technologies and innovations to improve customer experience and to help achieve its 5-Star Ambition. One such investment is their upgrade to a completely new Passenger Service System (PSS) powered by Amadeus Altea that enhances their reservation, inventory, departure, and flight notification capabilities while delivering an enhanced end-to-end experience for customers. The transition to the new system will occur on 23rd to 24th March 2019.

During the period* on 23rd March 2019 (10:00PM PH Time) to 24th March 2019 (11:00AM PH Time), PAL will continue to operate the scheduled flights but services like ticketing, rebooking, booking cancellation, online check-in, purchase of ancillary services and Mabuhay Miles redemption will be temporarily unavailable.

*May be adjusted due to customer activities and completion and the airline will advise if there are changes/LHR to start cut-over earlier from 21st March until 23rd March 2019.

The airline recognizes you as a critical partner in this transformation, thus seeking your cooperation and support on the following:

- Update your passengers about this development especially those who are already booked and would require servicing of their flight reservations on tickets (i.e. rebooking, seat request etc.) for flights that will fall under the transition period 23rd to 24th March 2019.
- For new booking, advice passenger to book and have their ticket issued early prior this transition particularly for those traveling on 23rd to 25th March 2019.

For any concerns, please call your respective PAL Account Officer, and PAL Contact Center hotline +6328855-8888 or visit

<https://www.philippineairlines.com/en/aboutus/contactuslist/reservations>.
